

POS — User Manual

For the people who run the store: cashiers, supervisors, managers, and the operator who installs the system. Covers the register and the back office.

Revision History

Version	Date	Changes
1.0	2026-07-22	First edition: register, back office, troubleshooting, FAQ, glossary.

1. Introduction

Placeholder chapter — replaced as the manual is written. The build pipeline is the deliverable of this commit.
